

Summer/Fall 2016

Dear Friends,

I would like to invite you to be a part of Alpine Learning Group's special event – **The Fall Affair – Sky's the Limit!** on Saturday, October 15 at The Liberty Science Center in Jersey City, New Jersey. Guests will enjoy private access to the museum after dark, including the impressive skyscraper exhibit, while enjoying cocktails and distinctive fare. A silent auction rounds out our fundraising efforts and we need your help to make this event a success. Proceeds from the event create a brighter future for the children and adults of Alpine Learning Group.

Founded in 1988, Alpine Learning Group is a not-for-profit program for children and adults with autism which provides services and support for learners and their families. In addition to the school program and outreach center, Alpine offers an innovative Adult Program in its newly constructed, state-of-the-art facility which opened in April, bringing all programming of the center onto one campus for an unparalleled continuity of education and training for individuals with autism.

With **1 in 45 children in New Jersey** now diagnosed with autism, the services provided at Alpine are in greater demand. Your donation to this event will help us to continue to provide these important programs to our learners and fund needed services. As a silent auction donor, you and your company will be recognized in the silent auction materials. We expect nearly 400 guests to attend this event, mostly prominent members of the Bergen County and Manhattan communities.

Thank you in advance for your support of this important event and if you have any questions, please don't hesitate to call. **Together we can change the future for children and adults with autism!**

Best regards,
